FEATURED QUESTION

Q: Fennel is an ideal grilling vegetable. Describe how you like to serve it during the summer months. Which sauces/pairings you suggest?

A: The mild licorice flavor of fennel gets a complex smokiness when cooked on the grill. My favorite way to serve this is with seafood, especially scallops and mild fish. I like to take it off the grill before it's soft and serve al dente style.

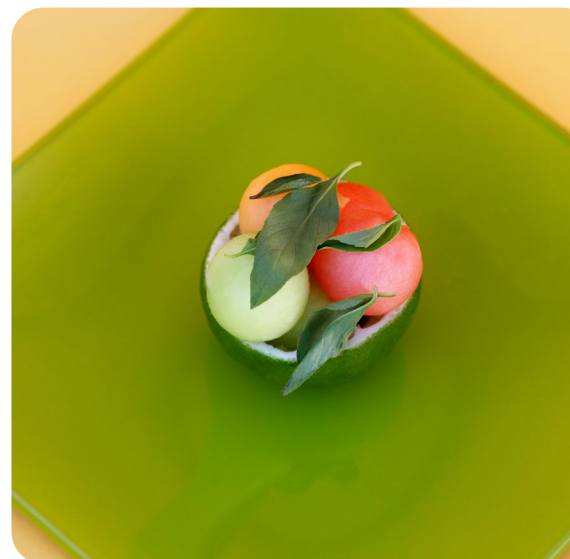

- Shave thin slices of MFC Fennel; toss with Ready-Set-Serve® (RSS) Brussels Sprouts Halves and citrusy vinaigrette.
- Roast thin slices of MFC Fennel until crisp and add to green salads in lieu of croutons.
- Simmer clams or mussels in a fennel- and onion-based broth along with chickpeas and new potatoes.
