FEATURED QUESTION

Q: Mushrooms are earthy and delicious. What are your favorite or perhaps unusual flavor pairings you suggest?

A: Mushrooms impart a deep umami flavor, especially when roasted. They pair well with steaks and stews, work in pasta and pizza recipes, and stir-fries or noodle dishes. I like to blend my burgers with a minced mushroom mixture to cut the fat and calories while boosting flavor.

- Fill MFC Portabella Mushrooms with a sautéed mixture of Ready-Set-Serve® (RSS) Shredded Kale, rainbow chard, Fontina cheese, and pine nuts; bake until cheese is golden.
- Sauté MFC Shiitake Mushrooms in butter and miso; add these flavor bombs to fried rice, grain bowls, and green salads.
