FEATURED QUESTION

Q: Collard greens have been traditionally associated with the American South but are now appearing in more global dishes. How do you like to use them?

A: Because of their hearty texture, Ready-Set-Serve® (RSS) Collard Greens make a great base for to-go and delivery salads. They stand up to delivery time, maintaining their firmness, color, and flavor.

- Pack together RSS Chopped Collard Greens, cooked soba noodles, RSS Shredded Carrots, chopped MFC Cucumbers, RSS Washed & Trimmed Green Onions, and red bell peppers; serve rice wine vinaigrette on the side.
- Top RSS Chopped Collard Greens with julienned MFC Granny Smith Apples, shaved watermelon radishes, and MFC Sliced Celery; garnish with fried sweet potato curls.
